Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other:

Claims 15, 20, and 25 are non-compliant with 37 CFR 1.121 because they delete previously present limitations of "using the BiM method" in claim 11, "using a BiM method" in limitation "b" and "d" of claim 20, "to an encoded XML schema" and "using the BiM method" of claim 25 and "to an encoded XML schema" and "using the BiM method" of claim 27.

Per 37 CFR 1.121 (c) (2):

"The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. The text of any deleted subject matter must be shown by being placed within double brackets if strike-through cannot be easily perceived."

In the instant case the text was deleted without the use of strikethrough or brackets and as such is non-compliant.
